

God Outdoors Exploring Easter

Spend some time together as a family outdoors this Easter on a walk or in the garden.

You may like to gather a few small sticks and stones and from your garden a small container of soil.

Wild Watch - Can you find:

A lamb

A rabbit

A daffodil

A tree growing new leaves

A bird

How many can you count?

(There are lots of rabbits in the field on Queens Road - on the right just before you get to the junction with Windermere Road and Green Road Shop is a good place for a mid-walk treat!)

The pictures above are signs of Spring and new life.

At Easter Christians celebrate new life with Jesus.

Use the items you have gathered to make an Easter Garden.

Use a container from the recycling, some things from your walk, a plant pot, some sand or soil and tie sticks together to make a cross. Flowers and greenery included in bag!
